Our students will have the opportunity to be an astronaut without leaving the ground. Taste Astronaut Ice Cream and fix a rocket ship. Discover satellites and communicate with other space explorers back on earth!

Sign up early as this camp will be truly “Out of this world”!

Ooey Goey Art:

Let your little Picasso create some fantastic masterpieces and leave the clean up to us! Students will learn all about different art techniques and mediums, learn about famous artists and make some one-of-a-kind and priceless works of heart!

Camp will include getting messy, so please do not allow your child to wear clothing that cannot be stained.

Under the Pre-SEA-School:

What do whales eat? Do fish sleep? How fast can a shark swim? This week, our campers will explore the ocean as marine biologists and learn about the fascinating world that exists under the ocean. Camp will include topics including the coral reef, unusual ocean animals and conservation.
