

LACS Approved Educational Services Specialists

The Sutcliffe Clinic- Los Altos

The Sutcliffe Clinic is dedicated to helping parents raise happy kids through an integrated, multidisciplinary team model that considers the whole child and the whole family.

We value collaboration, communication, relationships, skill-building, and strength-based interventions. Our goal is for families to feel more informed and empowered so they can advocate for and support their children through the ups and downs of infancy, childhood, and teenage years. We aspire to earn your trust as we guide each family along their personal journey.

Melissa Kelley, LMFT

Melissa has extensive experience working with children, teens and families-primarily as a School Counselor in both private and public schools in the SF Bay Area. She has taught Social and Emotional Learning at several private schools. Her ideal client is a **child or teen facing the challenges of anxiety, depression, learning or social skills obstacles at school, or adapting to a family change or crisis such as divorce, alcoholism or addiction, or illness.** She has had extensive experience with **self-harming** and **suicidal teens and school refusal.**

She has in-depth training in expressive arts therapy with children. This includes art, sand tray, and drama therapy. Her graduate work also included a focus on mindfulness-based therapies, which are now highly utilized in treatment of both anxiety and depression in children and teens.

Simone Haupenthal, PsyD- Los Gatos

Dr. Simone completed her clinical training at Highland Hospital, Oakland, CA where she specialized in the areas of **Neuropsychology and Pediatric Psychology**. She provides **Neuropsychological Assessment and Psychoeducational Testing services** to school aged children, adolescents, and young college adults.

Testing specialty includes:

ADHD, Learning Disabilities, Autism, Intellectual Disability, Anxiety, and Depression. And upon parental request, I participate in IEP meetings.

She also provides **individual or family psychotherapy services to children, adolescents, and adults**. Sessions are either via telehealth or in person depending on the age of the child. Many children and adolescents suffer from anxiety, depression, relationship problems with parents and other adults, internet addiction, trouble making and keeping friends, difficulty with parental separation/divorce, behavior issues, anger management, low self-esteem, self-harm, trauma and abuse. Psychotherapy services are also provided in Spanish and Portuguese.

Turning Points Educational Solutions- Willow Glen

Staff at Turning Points Educational Solutions provide a variety of services, including assessment, for students ages three and up. Assessments are provided by staff that are Licensed Educational Psychologists and Board Certified School Neuropsychologists.

We enjoy helping students become confident learners through the services that we provide. Through the assessment process, we identify strengths as well as challenges and provide a report that includes a detailed recommendation plan so that families leave with a clear picture of what interventions, programs, and accommodations will be most helpful and how to access those. We have experience in both school and private clinic settings, so have direct knowledge about what public and private schools provide as well as the private services available in the area. We provide diagnoses as appropriate and assess for a variety of things, such as; learning differences, dyslexia, dysgraphia, dyscalculia, receptive and expressive language disorders, autism, social communication disorder, ADHD, developmental coordination disorder, anxiety, depression, etc. We also have a Facebook page where we post informative articles and resources for both parents and educators. While we do not take insurance, we do provide a superbill that families can submit to their insurance company for possible reimbursement. Although

our offices are in downtown Willow Glen, during Covid, we are traveling to people's private backyard settings for in-person assessment and all other services are being provided remotely.

Services:

- Psycho-educational assessment
- School neuropsychological assessment
- Autism assessment
- IQ/gifted testing
- Independent Educational Evaluations (IEE's)
- Counseling
- Educational Therapy/specialized tutoring
- Executive functioning coaching
- Social cognitive/social skills intervention
- Career coaching
- Cultural adaptation
