## Experiential Learning (Grades 6-8)

At LACS, we actively help our students become confident and joyful learners. We build a personalized learning environment for our students to thrive and challenge them to apply what they learn in their daily lives. LACS Middle School is a hidden gem with small class sizes and top-notch educators, and experiential learning enhances the experience for our students. This is a unique offering to LACS students.

### Why?

We desire for our students to master skills, internalize their learning, and confidently apply them in real situations. Real-world applications make learning come alive and engage students to understand complex concepts that stimulate their love to learn. What better way to support and enhance their learning than to take them physically there?

### What?

Our Middle Schoolers have opportunities to go on multiple field trips each year, that tie to their learning, as well as providing opportunities to build strong friendships with their peers.

Most of these field trips take place during the school day, and do not interfere with sports, activities, and clubs that LACS Middle School provides to enrich your children's lives.

### Where do students go?

- ★ San Francisco Japanese Tea Garden
- ★ The Exploratorium
- ★ The San Francisco Symphony
- ★ De Anza Planetarium
- ★ River rafting on the Klamath River
- ★ Hike the Santa Cruz Mountains
- ★ Dissect a squid on the Santa Cruz Wharf
- ★ The Shakespeare Festival in Oregon
- ★ Science Camp at Mission Springs
- ★ Kidder Creek outdoor adventure camp
- ★ Washington DC East Coast trip

....just to name a few.
